GUIDELINES FOR INTERNATIONAL COMPETITIONS

CHORUS Category

There is a new category : Quartet (4 skaters)

Definition of Chorus and Quartet

Chorus discipline is an Inline Ballet event with participating teams consisting of a minimum of five (5) skaters. Chorus combines the grace and skill of inline figure skating with the excitement of theatre and dance using musical themes which are chosen by the choreographer.

The main focus is the relationship to the chosen music, the theme and delivery of the choreography. This must be achieved while maintaining good flow, sureness, edges, and speed combined with ease and aesthetically pleasing movements.

The choreography must use the full floor space, incorporating a variety of group elements and formations, while projecting to the audience.

There is no restriction to the number of skating element included in the choreography as long as the relevance to the musical structure and theme is maintained. Judges will be responsible for the appreciation and evaluation of the criteria.

Judges' main focus will be to reward creativity, originality and innovation within the choreography as well as public appeal. The Chorus discipline encourages a theatrical approach towards the choreographic content whose goal is to engage and enthrall the audience. Attention to the use of the skating surface, personal and public space must be achieved through the varied movements of the skaters; physically, emotionally and intellectually.

The quality of skating movements, speed and skating skills will be evaluated.

Composition of Program

Each team is free to choose their skating elements and content for the creation of their program's choreography (jumps, spins, lifts, step sequences, attitudes, etc., for example). Elements will be evaluated for their relevance within the integrity of the program and chosen theme.

- Quality of execution of elements will be reflected in the mark for **skating skills**.
- Artistic relevance of performed elements will be reflected in the mark for **choreography**.

The **staging and placement, musical selection, choreography, theme, and movements** are at the discretion of each team.

Solo skating and skating in couples is permitted, only if those skater(s) relate to the rest of the group and this enhances the overall telling of the story in keeping with the program's theme.

The choreography must be such that it allows for the skaters to perform with flow and movement. Static positions should be kept to a minimum and must be relevant, choreographically. Excessive standing will be penalized.
